

To whom it may concern:

If Sinclair gives 1 hour to anti-Kerry messages, is it not required to give 1 hour to pro-Kerry messages? Who decides what is a pro-Kerry message?

I'm staggered by the amount of tomfoolery in the entire political process this time around. Kerry hasn't stood above it, anymore than Bush or the private parties that act on their behalfs.

You have the power to make the American people at least think some part of this mess is fair. To put their minds at ease, and to exercise the rules of the FCC appropriately.

I appreciate your at least considering do so, and urge you to follow the LAW and LOGIC--whatever you decide, let there be no room for partisan spinning or complaints.

Thank you. The power lies with you now.
